Book and Equipment List 2026

Dear Parents and Carers,

This is our official list of school stationery items, which your child/ren will require for 2026. You may be advised if additional items become necessary throughout the year. Partially used materials from 2025 may be used if still in good condition and meet requirement. For example, a dictionary could last from Year 4 through to Year 6.

It is our intention, where possible, to minimise educational expenses. It is strongly recommended that **ALL** items are brought in at the start of the school year. **Surplus equipment is kept separate for your child's use when required.** There may be times when all gear is gone and a letter requesting replenishment of items is forwarded home.

Please NAME all articles clearly
(Stationery, hats, clothing, water bottles and lunch boxes etc)
